

President - Optimal Path Inc.

[Nancy W. Frisch](#) - Executive Coach and Organizational Development Consultant

Todd is a thoughtful and inspiring leader with a very high degree of integrity. He is consistently flexible and humble and has great energy. He has the invaluable ability to synthesize and simplify information and understands the importance of collaborative team building in order to successfully attain profitability and stakeholder commitment.

Nancy W. worked directly with Todd at Optimal Path Inc.

CTO - Transcom Enhanced Services

[Sohail Rafiqi](#) - VP, Product Management and Marketing

I had the opportunity to work for and work with Todd. I found him to be one of the hardest working team members who lead by example. Todd possesses a perfect combination of technical, business skills, and leadership skills. He works at the highest possible level and expects the same from everyone around him. He is a consummate team member who focuses all his energies in in making business a success.

Sohail reported to Todd at Transcom Enhanced Services

[Raman A.](#) – Network Administrator

Worked with Todd Sir for shorter period of time , Vast Experience in all domains Technical, Business ,Leadership. Strong part is follow-up with each and every one regarding anything and anytime 24*7, Handling the organization. Thank you for your support Sir. It was Honor to work with you.

Raman worked in Todd's organization at Transcom Enhanced Services

Chief Operating Officer - Pac-West Telecomm

[Jennifer Eubanks, CPA, CMA](#) - CFO at Integrity Home Mortgage Corporation

Todd is a very knowledgeable and creative telecommunications executive. As the CTO of Pac-West Telecomm, Todd worked fearlessly to introduce new and innovative business solutions, while engaging positively with senior management. Todd exhibits the qualities essential for executive management in today's challenging business environment.

Jennifer was the CFO at Pac-West and was a peer Todd

[randall mcneal](#) Owner, randall mcneal & associates

I have had the privilege of working with Todd during his tenure @ Pacwest and Transcom. Todd is a skillful manager of multiple levels of professional colleagues because he is transparent, collaborative, competent, and demonstrates integrity and humility. His skill at seeing and encouraging the talent in others makes him a valuable asset to any organization that wants to maximize the "buy in" from its team members.

Randall was an executive coach to Todd at Pac-West Telecomm

[Robert H.\(Hal\) Turner](#) - Founder & Chairman - ComCloud Corporation

Todd Wallace proved himself as a well rounded and highly qualified operations executive while at Pac West; having joined us at a time when the CLEC industry was undergoing material evolution, Todd played a key role as we developed new managed services, software and cloud based, to address the emergence of cloud telephony and cloud computing. This was a transformative move for the company. Todd was balanced in his approach to problem solving and was respected by customers, stakeholders, and colleagues as a person of high integrity, good business acumen, and possessing a drive for the company's success. I came to know Todd professionally and personally during this time, which has fostered the high esteem with which I hold him. He possesses the leadership capability, coupled with the right skills, knowledge, and attitude to lead a major entity ... it is my belief that his best days of business operations and performance are in front of him. I have respect for Todd and would not hesitate to involve him in one of my ventures are to be associated with him in his endeavors.

Robert H.(Hal) was CEO at Pac-West and managed Todd directly

Chief Technology Officer - Transcom

[Nitin Kapoor](#) - System Engineer

Todd sir has been one of the best boss I have worked my work life till now. He is a very Professional and highly talented person whom everyone admires a lot. Todd sir has deep knowledge of the Telecom industry from many points of view. His technical understanding is unmatched by any other Business Development professional. Todd Sir has an end to end understanding not only of his products and services, but also the business requirements. Todd sir is both liked and respected within the Telecom community.

Nitin worked in Todd's organization at Transcom Enhanced Services

Chief Technology Officer & Founder- Lonestar

[Rajeeb Ghosh](#) - VP Operations

Todd is one of the most finest 'genuine' human beings I have ever come across, apart from being an excellent 'down to earth' techno wizard, always willing to be there at all times. Very hard working, inspiring for his workaholic and committed values.

Rajeeb worked with Todd at LoneStar Network Services

[Deepankar Mitra](#) - Project Manager at Mphasis an HP Company

Todd has been one of the best Manager's I have worked in my work life till now. He is a very Professional and highly talented person whom everyone admires a lot. Given a chance I would love to work with him again anytime.

Deepankar worked in Todd's organization at Optimal Path

[James Clement](#) - Owner, Your PC Doctor

Todd is the type of leader who surrounds himself with talent so he can concentrate on making the company grow. His grasp of technical problems and solutions run deep. That's a huge positive when working for someone because you don't have to break it down to the lowest level for 'management' to understand.

I left to pursue my own business, so my work history with Todd was short. The time I spent working with him was quite enjoyable and I hope that one day we will work together again.

James worked in Todd's organization at Transcom Enhanced Services

CTO and Member of the Board of Directors - YTel

[Alan Tracey](#) - Head of Engineering at 3 Ireland

Todd is an amazing executive, with very clear, innovative thinking, and a deeply grained ethic towards working hard and working smart. His technical knowledge is expert, and his management style is easy, but quick and decisive. I owe a great deal of my knowledge of the IP telephony business to his mentoring. I would recommend him to any company.

Alan worked directly with Todd at Y-Tel International

[Dan Robison](#) - Experienced Management and Sales Professional

Todd is incredibly knowledgeable, trustworthy and I am personally privileged to work with him on a daily basis!

Dan worked with Todd at Y-Tel International as the COO and Board of Directors

CTO - Touchstone Systems, Inc

[Shahin Sazej](#) - CTO - Sr. VP at Sage Telecom

Todd is a very technical and capable executive. He is a team player and great person to work with.

Shahin was the CIO and worked as a peer with Todd at Touchstone Systems

CTO - IOperations

[Kevin McCullough](#) - Partner, Rochelle McCullough, LLP

Todd can explain highly technical engineering and computer concepts and issues so that even a lawyer can understand them. I highly recommend Todd and was extremely impressed by his creativity, knowledge, and integrity.

Kevin was with outside counsel and worked with Todd at IOperations

[Jerry Lambert](#) - Chief Operating Officer at Verify Systems

Todd is a "Go To Guy". He is the person that I personally have turned to for the last 20+ years as my expert on technical direction, technical operations and planning. He has an entrepreneur's with an engineers mind. If you need something built that stay up with the technical changes while being cost efficient and manageable... Todd is the guy.

Jerry worked directly with Todd at IOperations as a co-founder

[Peter Fernandez](#) - Corporate Information Architectural Officer

I have the pleasure of working with Todd over the past 20 years. We first met when he was a university student finishing a degree in Computer Science and we have kept in contact. I have seen Todd grow and develop valuable set of skills as he worked for others and in is own ventures. I admire what he has accomplished and I use his knowledge and insight personally when I am uncharted waters. I find Todd to be honest with his opinions and correct. More than once he has envisioned a difent path for action with a better outcome that I expected. I know that I sound like a broken record but it is true. I have enjoyed his skills and continue to enjoy his expertise. In all the years that I have invested in this field of applied technology Todd is as good as it gets.

Peter worked with Todd at IOperations as a consultant

CTO - FlashNet Communications

[Lee Thurburn](#) - President, NetOffer, Inc.

Todd always exhibited both a positive attitude and an unquenchable thirst for knowledge about new technologies. Todd oversaw a period of rapid growth in our company and did an excellent job of managing both the people and the technologies that were assigned to him. I have tremendous respect for Todd and know without doubt that he will be a valuable asset to any company he works for. It was always a pleasure to work with Todd.

Lee was the CEO of FlashNet and worked with Todd

[Al Ramirez](#) - Network Infrastructure & Capital Financing

Todd was a tremendous source of knowledge and a key advocate in my ability execute the company's product visions for an ATM based network to support broadband services for corporate business applications. In a small or growing company where change is sometimes difficult due to a lack of resources, experience and time Todd was able to put together plans that allocated the right people at the right time to get things done. His loyalty, his intelligence and his professionalism makes everyone around him step it up and get the job done on time with plenty of credit to go around for everyone.

Al worked with Todd at FlashNet Communications

[Andy Jent](#) - President at Hayman Capital Partners

Todd is one of the most knowledgeable IT and operations exec's in the business. He is a solid team player and I would highly recommend him.

Andy was the CFO of FlashNet and was a peer to Todd

Manager of Architecture - Excel Telecomm

[Rachel Minch](#) - Support Engineer at CA

While working with Todd at Excel Telecommunications, I was always impressed with how bright and talented he was both in vision and technically. He was a tremendous source of knowledge in a fast growing company where change was swift and often challenging due to rapid growth. He is a high-quality individual of the utmost integrity. I would recommend him to anyone needing a great leader and team player!

Rachel worked in Todd's organization at Excel Telecommunications

Technician/Consultant - Omni Computer Solutions

[Peter Fernandez](#) - Corporate Information Architectural Officer

Todd has the unique ability to understand technology and business. After all this years Todd is both a student and a mentor to me. I have enjoyed exchanging ideas and searching from technological trends with Todd. I value his opinions, his points of view are crystal clear and he has the depth of knowledge to justify them. Sharp, intelligent, well prepared, insightful and diligent to name but a few of his attributes.

Peter was the CEO of Omni and Todd reported directly to Peter

Engineering Support - Compaq Computer

[Joe Villanueva](#) - Sustaining Engineer Weatherford

I have known Todd since he worked as an intern at Compaq Computers and I was one of his mentors. I was in a new design group getting Compaq's very first Server products off the ground. What really impressed me about Todd was his thirst for knowledge and how he was not afraid to ask questions. He wanted to know as much as possible on anything he was involved in. For two summers I saw Todd grow in knowledge and confidence and he was a very productive member of our design team. Anything he is involved with, he thoroughly researches and masters it. He graduated and entered the Tele-Comm. business and earned his Masters while working full time. He is very knowledgeable and would master any industry he is involved in. We are still very good friends today but Todd has left me way behind as a mentor.

Joe worked directly with Todd at Compaq Computer Corporation
